NIBCO INC. FIELD NOTIFICATION

NIBCO INC. has identified a compatibility/fit issue with certain 1"x1"x1" V5011-010 SXSXS CPVC fire protection tees when installed in conjunction with the Potter[®] VSR-SG model flow switch. **DO NOT INSTALL** the Potter[®] flow switch in 1" CPVC tees produced between February 15, 2010 and May 18, 2010. NO reducer tees or threaded insert tees are included in this Notification, only the 1" x 1" x 1" SXSXS CPVC tee. The tees with compatibility issues can be identified in the following manner:

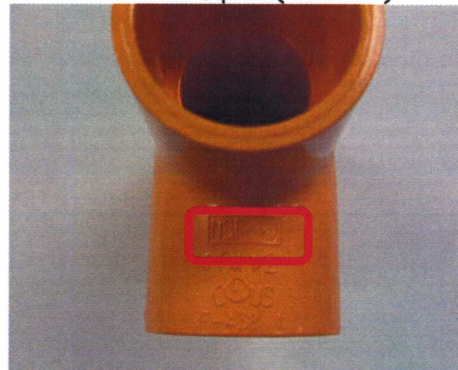

- The fitting is molded WITH a "10" date code molded into the tee on a round pin just below the 1" marking on the side of the outlet (as per Photo A) AND the NSF[®] pw logo molded on the opposite side of the outlet (as per Photo B).
- The date code on the box and bag of the tees are between February 12, 2010 (Julian Date Code 04310) and May 18, 2010 (Julian Date Code 13810) as per Photo C. All previous date codes are acceptable for use with the Potter[®] switch.

TEES TO BE RETURNED:

Photo A - "10" Date Code

AND Photo B - NSF[®] pw (no "G")

OR

Photo C - Box/Bag Julian Date Code between Feb. 12, 2010 (04310) and May 18, 2010 (13810)

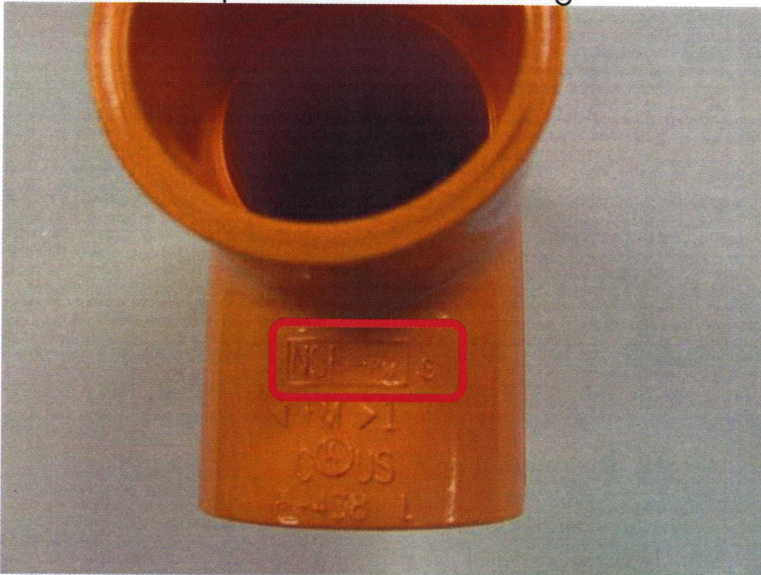

NIBCO has eliminated this compatibility/fit issue in current production. Revised compatible fittings can be identified by:

- The fitting is molded WITH a "10" date code molded into the tee on a round pin just below the 1" marking on the side of the outlet (as per Photo A) AND the NSF® pw-G logo molded on the opposite side of the of the outlet (as per Photo D). Any "09" date code tees are fully compatible with the Potter® switch.
- The date code on the box and bag of Tees are NOT between February 12, 2010 (04310) and May 18, 2010 (13810), as per Photo C.

TEES COMPATIBLE WITH POTTER® FLOW SWITCHES

Photo D - NSF® pw-G Molded into Fitting

Or

Any Molded in Date Code of "09", "08", "07"

Or

Photo C Label Date Codes OUTSIDE THE RANGE of Feb. 12, 2010 (04310) and May 18, 2010 (13810)

If you have any of these tees, please contact Judy Kelly at NIBCO Customer Service for a no charge replacement at 1-888-278-5989.
