# A Full Lineup of Piping Connections

From the leaders in fire protection

## Meet the new standard in piping connections.

VGS offers premium piping connections through the growing Viking SupplyNet network, where fire protection is the only focus. Backed by Viking experts, training, convenience and over 100 years of innovation, VGS provides trust in every connection.

### Grooved Couplings

**VG103**  
Flexible Coupling  
1 1/4 to 10 NPS

**VG105**  
Standard Rigid Coupling  
1 1/4 to 12 NPS

**VG109**  
Quick Installation Rigid Coupling  
1 1/4 to 8 NPS

**VG120**  
Grooved Mechanical Tee  
2 x 1 1/4 to 6 x 3 NPS

**VG122**  
Threaded Mechanical Tee  
1 1/4 x 1/2 to 6 x 2 1/2 NPS

**VG150**  
Reducing Coupling  
2 X 1 1/2 to 8 X 6 NPS

### Grooved Fittings

**VG201**  
90 Short Pattern Elbow

**VG211**  
45 Elbow

**VG250**  
Concentric Reducer

**VG203**  
Short Pattern Tee

**VG220**  
Tee

**VG260**  
Cap

**VG210**  
90 Elbow

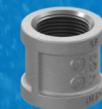

**VG241**  
Flange Adapter

**VG267**  
Add-a-Cap/End-of-line

Trust in Every Connection.

### DI Threaded Fittings

**VT105**  
Coupling

**VT120**  
Tee

**VT155**  
Bushing

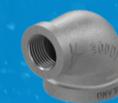

**VT110**  
90 Elbow

**VT121**  
Reducing Tee

**VT160**  
Cap

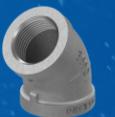

**VT110R**  
90 Reducing Elbow

**VT135**  
Cross

**VT161**  
Plug

**VT111**  
45 Elbow

**VT150**  
Concentric Reducer

### We don't offer fire protection. We define it.

VGS offers a comprehensive portfolio of grooved couplings and fittings, along with ductile iron threaded fittings, designed to meet the needs of any fire sprinkler project. With cULus Listings and FM Approvals, our products follow the industry-standard dimensions you expect from a leader in fire protection.
