

For full service fabrication, one contact gets the job done.

The best solution is a complete solution. That's why Viking SupplyNet combines full-service fabrication services with the industry's most comprehensive range of fire protection products, including hangers and VGS® grooved piping system.

We sweat the details so you don't have to! Our delivery trucks are equipped with integrated forklifts for easy unloading at even the most difficult job sites, and fabricated pipe is clearly and systematically bundled for easy identification and installation.

Our wide range of capabilities includes:

- Threading, grooving, end of pipe preparation, and hanger assembly.
- Black or galvanized material welding.
- Complete stocklisting and estimating services using HydraTech® design software.
- Twelve full-service fabrication locations throughout the United States.

It's as simple as one name...Viking! Contact us today.
