

Concealed Pendent | VK4621 Concealed Pendent Sprinkler

Viking's new VK4621 Quick and Standard Response concealed pendent sprinkler is designed for installation on concealed pipe systems where the appearance of a smooth ceiling is desired. Install with ease with a new wrench that allows the VK4621 to be installed with its protective cap still in place.

- New durable and lightweight plastic wrench allows for installation with protective cap in place.
- cULus Listed as a Quick Response sprinkler and FM Approved as a Standard Response sprinkler for both light and ordinary occupancies.
- The sprinkler consists of a permanently mounted and threaded adapter cup designed to be installed with a low-profile cover assembly that provides up to 1/2" (13 mm) of vertical adjustment.
- Available in both brass and an Electroless Nickel PTFE (ENT) coating for environments in which corrosion is more likely to occur.
- Protective cap is designed to withstand rough usage and protect the sprinkler from over spray.
- Innovative cap removal tool enables contractors to finish the job from the ground.
