

Trusted above all.™

A detailed 3D cutaway illustration of a showerhead. The top part is a silver, ribbed cap. Below it, the internal mechanism is shown, including two brass-colored rectangular blocks with red circular ports, connected to a central brass-colored component. At the bottom, a copper-colored, gear-like nozzle with multiple spray holes is visible. The background is a yellow field with a pattern of water droplets.

Water supply concerns?  
We've got it covered.

The new VK495 is optimized to feature the lowest flows and pressures at the 14' coverage area!

# Residential Sprinkler Innovations

Viking offers the industry's leading line of residential sprinklers, providing a coverage option for any challenge.

Utilize the Sprinkler Selector, the EASIEST way to find the sprinkler you need for the job, and then shop online at SupplyNet.com for fast and efficient ordering so you can get the job done on time.
